Rich- a user reported this issue and is now the following zendesk ticket. <https://superfundweb.zendesk.com/agent/tickets/3717>

Joan- it looks like a user loaded pdf files in the CEF. Do you know if it's Katrina Coltrain? We can work to get the page restored right away. Let me know.

Howdy Joan,

I m adding Marybeth onto the string so LM can check that out. It shows broken for me as well. I m guessing a bad Site ID #, but we ll get back to you with a status update. Should be pretty easy to fix.

Thanks!
